

Enter Here to Learn. Go Forth to Serve.

Dear Class of 2009 Graduate,

I hope you are happy and doing well in your post high school lives. This is one of several letters and surveys you will receive as we try to keep in touch and assess the quality of education we provide here at Manhattan High School. It is always fun to hear from each of you and the entire staff enjoys hearing from past graduates. Time passes quickly and it is hard to believe many of you are now in colleges and jobs of your choice. We hope that you are doing well and your education at Manhattan High School helps you attain your goals and dreams.

Manhattan High School is once again experiencing growth in enrollment which always poses space and class issues. We are currently at 199 students and are expecting continued growth in the next few years. Our senior class has 44 students and the eighth grade class is well above 60 students. With these numbers, we should be well above 200 students for several years to come. At the current time, we have no new staff members however, with growth in enrollment, this is likely to change.

The fall sports season is off to a positive start for the Tigers. Mr. Sillitti and the girls' and boys' cross country teams are poised to compete for top standings at the state meet in October. The Tiger volleyball team, under head coach Carrie VanDyken, has been very successful to start the season and are one of the top teams in the district and are looking to compete at the divisional tournament. The football team under Dale McQueary is competing for yet another district title and an ongoing run of playoff spots dating back at least 7 years.

This letter is accompanied by the final survey we will request of the class of 2009. These surveys are compiled and used by the school to make decisions in all areas regarding school improvement. It is my hope that you will take the time to complete this survey and return it, as it provides the school with valuable information regarding our curriculum and student services. As we are continually adapting in these areas to meet state and federal regulations, it is increasingly important that we receive your feedback to balance required changes with real human needs. In addition, I hope that this update letter serves as a reminder to continue to update your personal information at **1-800-REUNION**. This will allow your elected classmates to keep in touch with you regarding reunions. In addition, it will allow Manhattan High School the opportunity to send you post-graduate surveys.

Again, I hope you are doing well and hope you will call us if you ever need assistance. We will be happy to assist you in any way we can.

Sincerely,

Bob Moore
Principal
